EDITORIAL POLICY

General

The Ohio Journal of Science (OJS) has published peer-reviewed, original contributions to science, education, engineering, and technology since 1900. The OJS encourages submission of manuscripts relevant to Ohio, but readily considers all submissions that advance the mission of The Ohio Academy of Science: To foster curiosity, discovery, innovation, and problem-solving skills in Ohio. The Academy produces two issues annually: peer-reviewed April Program Abstracts (Issue No. 1) and peer-reviewed full papers in December (Issue No. 2). The Ohio State University Libraries publishes both issues Open Access online on behalf of The Ohio Academy of Science. The Academy distributes a print version of the April Program Abstracts at the annual meeting. **Peer-reviewed articles are published as accepted throughout the year.** Because the OJS is an international multidisciplinary journal, authors should write clearly and concisely, avoid excessive jargon, and include sufficient explanation of underlying concepts to assure broad understanding of the work by those in different fields than the author.

The OJS considers original contributions from members and non-members of the Academy in all fields of science, technology, engineering, mathematics, and education. Submission of a manuscript is understood to mean that the work is *original* and *unpublished*, and is not being considered for publication elsewhere. All manuscripts will be peer-reviewed and edited. Any opinions expressed by reviewers or authors are their own and do not represent the views of The Ohio Academy of Science or the OJS.

No Page Charges

Publication in *The Ohio Journal of Science* requires authors to be members of The Ohio Academy of Science. **Members of the Academy do not pay page charges to publish in *The Ohio Journal of Science*.** In multi-authored papers, the first author must be a member of the Academy at the time of publication to be eligible for no page charges. Papers that exceed 12 printed pages may be charged full production costs.
